## FOREWORD

We are in 29<sup>th</sup> year of our journey, next year we'll be completing 30 years in service of humanity. This has been a journey with full of learning experiences while working with the communities, government systems and the various key stakeholders. The present annual report is a brief account of our endeavors during last year i.e., 1<sup>st</sup> April 2020 to 31<sup>st</sup> March 2021 which has been an exceptional year, unexpected and quite challenging.

During the reporting period, like the entire country, we also faced lockdowns and most of our activities got suspended, our school was closed almost entire year and we were busy in finding solutions to respond the situations our students, parents, neighborhood was facing. The entire focus got shifted in spreading the awareness on Covid-19 related lockdowns following the guidelines that were being issued by the central and state governments.

Let us acknowledge that the year of reporting has been a real challenge for us to sustain our community outreach activities, school, and the ITGK and skilling project, in absence of adequate funding and resources including the staff. We need to focus more to mobilize at least minimum essential funding and donor base to sustain our initiated work and community services.

I would like to take this opportunity to thank all our board members, advisors, supporters, mentors, and contributors without whom many of our efforts to serve our communities would not have been actualized. It's time to acknowledge that much of our accomplishments are possible only due to untiring and selfless work done by the BSS project teams including a team of dedicated volunteers at the community level, our supporters, and the stakeholders. Although our achievements are less significant when compared with the challenges and tasks ahead of us; we keep on reinforcing our commitment towards vulnerable communities, as well as continue to drive our inspirations from them.

Last but not least, we express our sincere thanks to our donors, direct and indirect contributors namely, Toshniwal Industries, Individual donors like Mss Vandana Agarwala, and the local Panchayats/PRI's who made our work possible by contributing the essential resources and proving us all the valuable support.

With sincere gratitude

Priyamvada Singh, Ph.D  
Founder Chairperson

- ✓ ‘Sambal’ Skill & Entrepreneurship Development Institute (SEDI)
- ✓ Bal Sansar Public School (BSPS)- a venture to provide quality pre-primary education in rural settings
- ✓ Bal Sansar owns a Maruti Eco & Omini Vans to manage basic movement /mobility among our fields of operations.

**H. Our Current Projects**

**1. We are running Bal Sansar Public School (BSPS), Ajmer since April-2013.** BSPS aims to provide quality education to the children from play group to elementary level (till grade 8th), under private school registration rules of the government of Rajasthan. We aim to provide support for quality education till senior secondary level in proximity, particularly in the case of girls. The main reason for girls’ dropout after fifth and further after 8th grads’ education was ‘not being allowed to go far from their village’ to continue their education till senior secondary and beyond. Our pre-school education is the school readiness programme with development of multiple intelligence of children with age appropriate physical and life-skill activities, cognitive training of senses and creativity of children. The 2019-20 session had enrolled 156 kids (with a ratio of 60:40 girls: boys) from the surrounding villages, most of them come from humble background (80 percent parents are engaged in labour with poor paying capacity). We aim to provide them quality education enabling them to claim equal development and growth opportunities in the life Only 10% children pay their fees, and

we are running this school with lots of financial difficulties. Parents are daily wage labourers and education of their children is not a priority for them. If we can have mid-day meal provision at our school, that will help these poor children not only in improving their nutrition levels but also in their retention and better learning outcomes. We need to mobilize resources to develop essential infrastructure for the school and even support our faculty /school operations and hence, we appeal to the people who can afford to spare some of their earnings for these poor children / supporting their education and development (*even contributing as minimum as INR 1200 (or 20 USD) per month will support education of two children*).

**Latest Update on BSPS:** From March 2020, schools were shut down following the Covid-19 guidelines issued by the central and state governments. In Feb.2021 the schools were opened following the government's guidelines allowing reopening of schools. However, it didn't continue for long and next guidelines are issued soon to close the schools till next orders. Considering the increase in covid positive cases, it seems, schools are not opening soon, particularly for the primary and elementary classes.

- ✓ Our team worked on spreading awareness on the Covid-19 appropriate behaviours and counselling the parents and children to keep their mental health and wellbeing on priority.
- ✓ Throughout the lockdown period, students were being regularly supported by the BSPS teachers as their voluntary action, in conducting the final exams, preparing results, and promoting students to the next grades. All 156 students are promoted to the next grades, in both the academic years i.e., 2020 and 2021
- ✓ In case of any support needs, students and parents are being invited in very small numbers to visit the school / office while taking all due precautions wearing masks, following sanitization and social distancing).
- ✓ Utilizing this period, documentation of students' profiling / stories were prepared, capturing their experiences and the challenges they faced during the Covid-19 lockdowns/ school closers.
- ✓ Students are being motivated to come in the small numbers (more than 10-15 at a time) to use the BSS grounds for sports and yoga activity sessions, facilitated by our team members.

## 2. 'Taiyari' Planned Transition from Adolescence to Adulthood – Phase-II

As a result of 'Taiyari' project outcomes during phase-I, two evident support needs that expressed by the adolescents were:

- ✓ Support to dropout girls to continue their education at secondary and senior secondary levels. This was one of the most successful indicators of 'Taiyari' phase-1, the organization was able to support more than 50 girls with education at secondary and senior secondary grades through state board of open schooling under the '*Back to Education*' initiative.
- ✓ Support for skill trainings that would prepare them for jobs as well as expanding their potentials to earn their livelihood. In response to this demand, the organisation has initiated its skill development programmes under the name of '**Sambal: The Skill and Entrepreneurship Development Institute – SEDI**'

**'Sambal: The Skill and Entrepreneurship Development Institute-SEDI' (April-2013- continued):** The Project Goal: SEDI aims to address the skill building needs of rural women and youth for their overall development, livelihood and quality survival. This will help rural youth to live their lives with respect and dignity while exploring their fullest potentials in life. To initiate with, the activities of this institute will take place in Ajmer district. We have initiated the action to take-up the SEDI as one of the BSS projects. Currently, computer education, photography classes and sewing

courses are initiated. BSS has been approved as a registered IT training centre by the Rajasthan Knowledge Corporation Ltd. (RKCL), GoR <http://rkcl.in> for running two courses namely RS-CIT (Rajasthan State Certificate Course in Information Technology) and RS-CFA (Rajasthan State Certificate Course in Financial Accounting). Over 200 youth completed RS-CIT and sewing certificate courses with three month's durations.

**Latest Update on SEDI:** Due to continuous lockdowns, the SEDI admissions are badly affected and for the entire period of last 2 years, there are no admissions.

**Our plans ahead and the humble appeal to the potential donors to support this cause:**

*To develop the essential infrastructure and run the SEDI, we would need to explore / mobilize resources from all possible sources benefiting to the neediest rural women, adolescents and youth enhancing their skills and thus, the employability. Together, the BSPS and SEDI infrastructure need 600,00,000 (six hundred lac i.e. 60 million INR catering to about 300,000 (three hundred thousand) rural youth/adolescent/women enhancing their skills, employability and the overall quality of life, in next five years.*

**3. As part of 'Taiyari' Planned Transition from Adolescence to Adulthood – Phase-II, BSS has a new ARSH intervention titled 'Kishor Samvaad ensuring Health, Wellbeing, Life-Skills and Empowerment'.** in partnership with Trent Pvt. Ltd. The project aims to spread the ARSH awareness in ten selected schools of Jaipur district. The initiative aims to reach-out to about 2000 adolescents both, boys and girls (age 10 to 19 years), orienting them in Adolescents Health and Life-Skills, in selected schools.

The essential knowledge and awareness on basic health issues is very important for all the students in adolescence phase. These early investment in the lives of adolescents will pay life-long dividends in the form of good health, wellbeing, and better life-skills to deal with the issues, these adolescents face in life.

This is being done through conducting **one hour session in the selected school, per month, for six months, preferably on Saturdays**, transacting structured content on following key themes (30-minute presentation) and then interactive question-answers session (30 minute). The programme will be contributing towards achieving the objectives of the **"Rashtriya Kishor Swasthya Karyakram (RKSK) the National Adolescent Health Programme.**

The following key six topics will be addressed which are also part of the RKSK:

- ✓ Adolescent Reproductive and Sexual Health (ARSH)
- ✓ Nutrition (anemia prevention,
- ✓ Mental Health
- ✓ Injuries and Gender-based Violence
- ✓ Non-Communicable Diseases (NCDs)
- ✓ Substance misuse.

**4. Other Action Updates:**

- a. Covid Response Work:** As a responsible civil society, we have contributed in the national and state's covid-19 response by undertaking following activities in Jaipur and Ajmer:

- ✓ Taking part in community awareness activities on the concurrent lockdown's guidelines and the SoPs issued by the central and the state government.
- ✓ Telephonic Counseling on Covid Appropriate Behavior (CAB) and upkeeping mental health
- ✓ Extending helping hand to the people in need of Ration, medical supplies, hospital beds, oxygen cylinders, by connecting them with the service providers, support groups, aid agencies and the individuals.
- ✓ Telephonic Counseling to the parents and students at our school at Ajmer.
- ✓ Organizing classes on school's WhatsApp group.
- ✓ During lockdown relaxations, allowed children to use Bal Sansar campus for sports and Yoga activities, in very small numbers of children at a time.
- ✓ Supporting people on vaccination by sharing information, helping in registration process and connecting with the vaccination centers.

**b. Modifying the BSS website, Creating online donation option and BSS Fees payment button**

To increase our net visibility there was a long due need for updating the website, making it dynamic and attractive. With voluntary support, in the form of creatives and technical help from Sh. Animesh Chauhan, we have modified our website, changed the organization's Logo, letterhead, business cards etc. Our new website is live but content yet to be edited/updated on each section. The added features on our website are:

- ✓ SLL license, to make it secure website to access/browse
- ✓ Added privacy policy and
- ✓ Terms and Conditions
- ✓ Created Razorpay payment gateway, an online donation option and BSS Fees payment button at the home-page of the website.
- ✓ The earlier logo of BSS, with slight modifications, would be used for our school, BSS, at the school's stationary.
