### **Our Current Projects**

1. **Bal Sansar Public School (BSPS), Ajmer (April-2013-continued):** BSPS aims to provide quality education to the children from play group to the senior secondary level (Pre-school started from April 2013 and Primary classes from July 2014 upon seeking school registration from the government of Rajasthan), now, upgraded to elementary level (till grade 8<sup>th</sup>) from the academic session 2018-2019. The 2019-2020 session has enrolled 156 kids (with a ratio of 60:40 girls: boys) from the surrounding villages, most of them come from humble background (80 percent parents are engaged in labour with poor paying capacity).

We aim to provide support for quality education till senior secondary level in proximity, particularly in the case of girls. The main reason for girls' dropout after fifth and further after 8<sup>th</sup> grads' education was 'not being allowed to go far from their village to continue their education till senior secondary and beyond. Therefore, the organization initiated their school education project in the name of Bal Sansar Public School (BSPS).

Our pre-school education is the school readiness programme with development of multiple intelligences of children with age appropriate physical and life-skill activities, cognitive training of senses and creativity of children. We aim to provide them quality education enabling them to claim equal development and growth opportunities in the life.

*We need to mobilize resources to develop essential infrastructure for the school and even support our faculty /school operations and hence, we appeal to the people who can afford to spare some of their earnings for these poor children / supporting their education and development (even contributing as minimum as INR 1500 (or 20 USD) per month will support education of one child).*

### **2. 'Taiyari' Planned Transition from Adolescence to Adulthood – Phase-II**

As a result of '*Taiyari*' project outcomes during phase-I, two evident support needs that expressed by the adolescents were:

- ✓ Support to dropout girls to continue their education at secondary and senior secondary levels. This was one of the most successful indicators of '*Taiyari*' phase-1, the organization was able to support more than 50 girls with education at secondary and senior secondary grades through state board of open schooling under the '*Back to Education*' initiative.
- ✓ Support for skill trainings that would prepare them for jobs as well as expanding their potentials to earn their livelihood. In response to this demand, the organisation has initiated its skill development programmes under the name of '**Sambal: The Skill and Entrepreneurship Development Institute – SEDI**'

### **‘Sambal: The Skill and Entrepreneurship Development Institute-SEDI’(April-2013- continued): The**

Project Goal: SEDI aims to address the skill building needs of rural women and youth for their overall development, livelihood and quality survival. This will help rural youth to live their lives with respect and dignity while exploring their fullest potentials in life. To initiate with, the activities of this institute will take place in Ajmer district. We have initiated the action to take-up the SEDI as one of the BSS projects. Currently, computer education, photography classes and sewing courses are initiated. BSS has been approved as a registered TI training centre by the Rajasthan Knowledge Corporation Ltd. (RKCL), GoR <http://rkcl.in> for running two courses namely RS-CIT (Rajasthan State Certificate Course in Information Technology) and RS-CFA (Rajasthan State Certificate Course in Financial Accounting). Over 200 youth completed RS-CIT and sewing certificate courses with three month’s duration.

#### **Our plans ahead and the humble appeal to the potential donors to support this cause:**

*To develop an essential infrastructure and run the SEDI, we would need to explore / mobilize resources from all possible sources benefiting to the neediest rural women, adolescents and youth enhancing their skills and thus, the livelihood options / employability. Together, the Bal Sansar Public School (BSPS) and SEDI infrastructure need 600,00,000 (INR six hundred lac) catering to about 10,000 (ten thousand) rural youth/adolescent/women enhancing their skills, employability and the overall quality of life, in next 2 years.*

**3. As part of ‘Taiyari’ Planned Transition from Adolescence to Adulthood – Phase-II, BSS has a new ARSH intervention titled ‘Kishor Samvaad ensuring Health, Wellbeing, Life-Skills and Empowerment’.** in partnership with Trent Pvt. Ltd. The project aims to spread the ARSH awareness in ten selected schools of Jaipur district. The initiative aims to reach-out to about 2000 adolescents both, boys and girls (age 10 to 19 years), orienting them in Adolescents Health and Life-Skills, in selected schools.

The essential knowledge and awareness on basic health issues is very important for all the students in adolescence phase. These early investment in the lives of adolescents will pay life-long dividends in the form of good health, wellbeing, and better life-skills to deal with the issues, these adolescents face in life.

This is being done through conducting ***one hour session in the selected school, per month, for six months, preferably on Saturdays***, transacting structured content on following key themes (30-minute presentation) and then interactive question-answers session (30 minute). The programme will be contributing towards achieving the objectives of the ***“Rashtriya Kishor Swasthya Karyakram (RKSK)’ the National Adolescent Health Programme***. The following key six topics will be addressed which are also part of the RKSK:

- ✓ Adolescent Reproductive and Sexual Health (ARSH)
- ✓ Nutrition (anemia prevention,
- ✓ Mental Health
- ✓ Injuries and Gender-based Violence
- ✓ Non-Communicable Diseases (NCDs)
- ✓ Substance misuse.

#### **Measuring success in programmes we have undertaken:**

- In last three years, in partnership with UNICEF, PRIs and local communities, BSS teams were able to outreach, aware, empower and link over ***20000 adolescent boys and girls*** with the life skills and services in Jaipur, Ajmer and Tonk districts.
- In last four years, in partnership with RSACS-GoR, reached to ***1100 women in sex-work and 400 Man-having sex with man (MSM)*** with HIV prevention, care and treatment programmes in Tonk and Dungarpur districts.

- Development of Community Care Center for HIV positive people at Ajmer was one of the success stories of BSS, served about **2500 HIV positive clients and their families** over the five years, as a result of our tireless work with PLHA (people living with HIV) and other stakeholders.
- Supported 20 Orphan & Vulnerable Children (OVC) while supporting their education, food, shelter & overall development through our Care Home ‘Sneh Sansar’ (‘Bal Griha’, registered under the juvenile justice act).
- In partnership with Population Foundation of India (PFI), UNDP-NACO, **reached over 14000 rural women and adolescent girls** with awareness generation programmes covering the reproductive, sexual health and HIV-AIDS messages through innovative community radio programme ‘Babali-Boli’.
- Over last two decades, successfully participated in the social welfare, community development, **education**, health awareness and HIV/AIDS programmes with network partners and as a result, the Chairperson in her professional capacity was part of the NACP-III design working group on GIPA, Legal - Ethical Issues and a member of Technical Resource Group on Targeted Interventions (TI) for the Migrants.
- Our partnerships with Rajasthan Knowledge Corporation Ltd. (RKCL), GoR <http://rkcl.in> Rajasthan State AIDS Control Society (RSACS) <http://www.rsacs.in> Dasra (<http://www.dasra.org>), UNICEF Rajasthan/India, and Dimagi (<http://www.dimagi.com>) have added resource support, value and visibility to our credible work.

Our earned credibility with the government, in the communities we work with, our development partners and with the donor agencies is a matter of pride for us and we keep on investing in the same while making our best efforts for strengthening it.

## Participation and Partnership

Empowering women employees does not mean excluding male staff. Equal participation of men and women staff as agents of change within organization processes is essential to achieving gender equality.

### **Definitions**

Gender refers to the social definition of what it means to be a man or a woman, including the social and cultural characteristics, and the economic, social, political, and cultural opportunities (or lack thereof), associated with being female and male. The social definitions of what it means to be female or male vary among cultures and change over time. The term gender is used to denote social identity, whereas the term “sex” refers to the biological differences between women and men.

**Gender-based Discrimination** refers to any distinction, exclusion or restriction made on the basis of sex or on the basis of social/gender identity, which has the effect of nullifying or impairing equality of opportunity or treatment in employment or occupation, access to education, services or social benefits, including development. Gender-sensitive HR policy, planning and practice strive to eliminate gender, as well as other forms of arbitrary, discrimination.

**Gender Disparities** refer to the differences in men’s/boys’ and women’s/girls’ access to education, health, services, resources, status and power. Gender disparities often disadvantage women and are institutionalized through laws and customs. Gender disparities may contribute to or result in de facto or de jure gender discrimination.

**Gender Equality** refers to the equal enjoyment of human rights, socially valued goods, opportunities, resources and the benefits from development results by women and men, girls and boys.

**Gender-based Violence:** Any harmful act that is perpetrated against a person’s will and that is based on socially ascribed (gender) differences between males and females

Women’s Human Rights include all universal, indivisible, interdependent, interrelated and inalienable rights recognized under international law, including civil, cultural, economic, political, reproductive and social rights, including the right to development.

To Keeping Children Safe SUMMARY / PURPOSE As an Indian child-centered community development organisation whose work is underpinned by the United Nations Convention on the Rights of the Child (UNCRC), BSS is committed to promoting the rights of children including their right to be protected from harmful influences, abuse and exploitation. BSS takes active measure to ensure children’s right to protection are fully realized. The Child Protection Policy is BSS’s statement of intent that demonstrates our commitment to safeguarding children from harm and makes clear to all in the organisation and who come into contact with us what is required in relation to the protection of children, and that child abuse in any form is unacceptable to BSS.

A. BSS’s vision for child protection Vision We aim to create “child safe” environments, both internally and externally, where children are respected, protected, empowered and active in their own protection, and where Staff are skilled, competent and well supported in meeting their protection responsibilities.

Statement BSS is committed to actively safeguard from harm and ensuring children’s right to protection are fully realized. We take seriously our responsibilities to promote child safe practices and protect children from harm, abuse, neglect and exploitation in any form. In addition, we will take positive action to prevent child abusers from becoming involved with BSS in any way and take stringent measures against any BSS Staff and / or Associate who abuses a child. Our decisions and actions in response to child protection concerns will be guided by the principle of “the best interests of the child”. B. DEFINITIONS UNDER THE CHILD PROTECTION POLICY 1. A Child abuse is defined as all forms of physical abuse, emotional ill-treatment, sexual abuse and exploitation, neglect or negligent treatment, commercial or other exploitation of a child and included any action that result in actual or potential harm to a child. Child abuse may be a deliberate act or it may be failing to act to prevent harm. Child abuse consists of anything which individuals, institutions or processes do or fail to do, intentionally or unintentionally, which harms a child or damages their prospect of safe and healthy development into adulthood. 3. Child Protection, within the scope of this policy, is defined as the responsibilities, measures and activities that BSS undertakes to safeguard children from both intentional and unintentional harm C. SCOPE OF THE CHILD PROTECTION POLICY

BSS does not intend to dictate the belief and value systems by which BSS employees conduct their personal lives. BSS's position throughout the world is dependent, however, on maintaining good relations and upholding its reputation as a child-focused community development organisation with numerous organizations. Unlawful or other conduct by BSS employees which jeopardizes BSS's reputation or position whether during or after business hours will not be permitted.
