## Foreword

This year has brought results of our untiring efforts and added to our resources in the form of two new grants supporting our education and health interventions. I and entire BSS team are grateful to our donors namely **Rajasthan State AIDS Control Society (RSACS)** and **Mitsubishi Elevator, India Pvt. Ltd.**

Also, this has been a year for regaining our hopes to sustain our work with the communities as we had been able to do a complete repair and renovation of our decade old infrastructure by mobilising needed resources, including my own and family contributions.

I would like to take this opportunity to thank all our board members, advisors, supporters, mentors, and contributors without them many of our efforts to serve the communities would not have been actualized. It's time to acknowledge that much of our accomplishments are possible only due to untiring and selfless work done by the BSS project teams including a team of dedicated volunteers at the community level, our supporters, and the stakeholders. Although our achievements are less significant when compared with the challenges and tasks ahead of us; we keep on reinforcing our commitment towards vulnerable communities, as well as continue to derive our inspirations from them.

Finally, we express our sincere thanks to our donors, direct and indirect contributors, parents of our students, the local Panchayats/PRIs who made our work possible by contributing the essential resources and proving us all the valuable support when needed.

With sincere gratitude

Priyamvada Singh, Ph.D.  
Founder Chairperson and Chief Functionary

## II. Current Projects

### a. Bal Sansar Public School (BSPS)

**We are running Bal Sansar Public School (BSPS)**, Ajmer since April-2013. BSPS aims to provide quality education to the children from play group to elementary level (till grade 8th), under private school registration rules of the government of Rajasthan.

Further, we aim to provide quality education till senior secondary level in proximity, particularly in the case of girls. The main reason for girls' dropout after fifth and further after 8th grade's education is 'not being allowed to go far from their village' to continue their education till senior secondary, and beyond. Our pre-school education is the school readiness programme with development of multiple intelligence of children with age appropriate physical and life-skill activities, cognitive training of senses and creativity of children. The 2022-23 session enrolled 120 kids (with a ratio of 60:40 girls: boys) from the surrounding villages, most of them come from humble background (80 percent parents are engaged in labour with poor paying capacity). We aim to provide them quality education enabling them to claim equal development and growth opportunities in the life. Only 50% children pay their fees (which is very nominal), and we are running this school with lots of financial difficulties. Parents are daily wage labourers and education of their children is not a priority for them.

We need to mobilize resources to develop essential infrastructure, setting up smart classes, improving seating arrangements for the students, and even support our faculty /school operations and hence, we appeal to the people who can afford to spare some of their earnings for these poor children / supporting their education and development (*even contributing as minimum as INR 2500 (or 30 USD) per month will support education of two children*).

### **Inaugural Function of 'Community Development CSR Programme Supported by Mitsubishi Elevator, India Pvt. Ltd. at Bal Sansar Sanstha, Ajmer, Rajasthan.**

For ensuring quality elementary education to underprivileged rural children, Mitsubishi Elevator India Pvt. Limited has funded Bal Sansar Sanstha, under their community development CSR programme, for setting up two smart classrooms with furniture.

On 22 March 2024, these digital smart classes were inaugurated by the Chief Guest Sh. J.L. Yadav ji, Region Head Northern India, Mitsubishi Elevator India Pvt. Ltd., along with his team of officials, in the presence of hundreds of students, their parents, and community members.

On the occasion, he addressed the gathering of parents and students of 'Bal Sansar Public School', saying that the CSR support from Mitsubishi Elevator India Pvt. Ltd. is an important strategic step towards minimising the prevailing huge resource gap and digital divide between the urban and rural students. This support will lead not only to ensure quality education of rural students but will also introduce and connect these students with the latest Information Technology (IT), digital education, and thus their skill upgradation.

He admired the efforts that are put in by the Bal Sansar Sanstha, in educating children with so much dedication and passion, and the kind of infrastructure is made available for the sports and the outdoor teaching and learning activities, beyond the classrooms. He was impressed to see the parental involvement in the 'Bal Sansar Public School', and their participation in the inaugural event.

Dr Priyamvada Singh, the Founder Chairperson of Bal Sansar Sanstha did welcome the distinguished guests from the Mitsubishi Elevator India Pvt. Ltd. namely Mr. J. L. Yadav, Region Head-Northern India; Mr. Md. Ansar Alam, Sr. Manager-Admin; Mr. Umesh Bhat, Sr. Manager-Sales; Mr. Amit Kumar, Manager-Safety; Mr. Aseem Kapoor-Asstt. Over 250 youth completed RS-CIT and sewing certificate courses with three month's durations.

**Update on SEDI:** Due to continuous lockdowns during Covid-19, the SEDI admissions are badly affected and for the entire period of the next 2 years, there are no admissions. Now, in the current session, we have 25 admissions in the RSCIT course.
